CHANGE OF NETWORK ADDRESS FOR SU-DSL

Postel

Effective immediately, the Host at Stanford Electronics Research Lab. (SU-DSL), a Very Distant Host connected to the SRI IMP, has its address changed from IMP 2, Host 2, to IMP 2, Host 3.. Thus its "Network Address" is changed from 130 to 194. Host 2 on IMP 2 will eventually be a PDP-11 operated by the SRI Artificial Intelligence Center.
